Book Sees Next 4 Years As Crucial For Mokena

Mayor Eric G. Book, of Mokena, who is not a candidate for re-election, has addressed a message to the people of the village, pointing out that the next four years will be important ones, with the need for a stronger administration.

The mayor's message, in the form of an open letter to the people of Mokena, follows:

"This year you, the people of Mokena, will elect three trustees, a village clerk and a village president into office. This is your chance to elect officials that you think will do the most good for most of the people. Whomever you elect at this next election will be in the position to direct the destiny of Mokena.

"Mokena, as is Frankfort and New Lenox, is on the verge of a terrific expansion. The opening of I-80 has provided good transportation and a way for people and, we hope, industry into this area.

"There may be some that wish that Mokena could stay small, rural and quiet as it is now. This is impossible as whether we want people or not they will come. These people will be buying land, building homes, factories,

apartments and commercial buildings. Some of these people will come to make a buck and without direction as to what they can build or where they can build will engulf Mokena and destroy it.

"The next administration will be faced with many decisions regarding rezoning, both industrial and residential in and out of the village. Annexations will be a major program for the next four years and longer. Without annexations Mokena will stagnate. There will be forces requesting changes of the Land Use Plan now in effect. Of course there will have to be some changes, but they must be considered very thoroughly before acting upon them.

"In order to get annexations methods for providing water and sewer to these areas will have to be developed. These are costly items and if not handled correctly will cause the programs to fail. Future water sources such as Mr. Hennessey's proposed lake will have to be considered. The present water source is good, but with everyone pumping from the same bed it may not last too long.

"Increased police protection and street maintenance are a must in the very near

future. Enforcement and improvement of the present subdivision regulations will be very important items.

"These are some of the major items that the new administration will face. There are many minor items, although very important to some people, that will confront the village board such as, 'I need a storm sewer drain in front of my house, the police don't patrol this neighborhood anymore, the village needs an ice skating rink (it really should have one), the neighbors don't cut their weeds', etc.

"I mention these things so that the people of Mokena will be aware of some of the tasks the new administration faces. They should be aware of these things so that when they elect people (men or women) they elect people that have the ability, interest and time to perform their duties.

"If anyone has strong feelings regarding the future of Mokena, they should act now. Petitions are available at the village clerk's office. Filing their petitions and request to be put on the ballot for the April 15th election may be done from now until Feb. 10."

Hold Mass Funeral For 5 Orland Fire Victims

A mass funeral for the five Orland Township residents who lost their lives when their home went up in flames, was conducted last Thursday from St. Michael Catholic Church, Orland Park.

Victims of the blaze included four members of the Biddle family that resided at 15825 113th Ct. - about two blocks west of Wolf Rd. and a block north of 159th St. - Marian Biddle, 50, a machinist for Automatic Gear; a daughter, Georgianna, 15; and two sons, Matthew, 9 and Daniel, 7, and John Hunt, 80, the father of Mrs. Biddle.

Another daughter, Jean Marie, 16, who escaped from the blazing home by dropping out of an upper story window, is in Christ Community Hospital, Oak Lawn, suffering from first, second and third degree burns. Two of the sons, John, 19, and Thomas, 14, also escaped but had some minor burns. The mother, Mrs. Noreen Biddle, and another daughter, Rena, were away when the fire broke out.

Bodies of the fire victims were taken to the Schmaedeke Chapel at 10701 Harlem Av. and from there to St. Michael Church at 11:30 last Thursday morning. The Rev. Frank M. Coyle, pastor of St. Michael, officiated at the services, assisted by Msgr. James Moscow and Fathers John McCaig, Peter F. Dunne and Victor Sivore. Interment services were held in the Interment Chapel at Holy Sepulchre Cemetery, Worth, and later the bodies were interred in the parish cemetery.

Snow-Not Beautiful When Deep

Snow, some five inches of it, blanketed the area for the past week, following close on the six days of zero temperatures, so that anyone who thought Winter was off on a long vacation discovered he was wrong.

There was some sleet that mixed with the snow in some sections and that ice plus the variety formed by packed snow, made driving hazardous.

All the towns in the area, however, had crews out over the weekend so that by mid-day Monday streets were plowed out. What to do with the mountains of snow after being pushed into piles is a problem for most villages. Sunshine and a warming trend could get rid of the snow, it was pointed out, a sudden melt could cause flooding.

sons attended funeral services.

Mrs. Biddle told Orland Park Fire Chief Arthur Granat that she left the house, an 8-room story and a half frame structure, at 5:05 a.m. Monday, Dec. 30, with her daughter, Rena. The latter is employed as a clerk in the main postoffice in Chicago. Her mother brought her in each morning to catch an early train at Mokena.

Mrs. Biddle got back home at 5:45 that morning. There was smoke rising from the house and there was an orange glow coming from the living room, she said.

This was about the time that the eldest son, John, was awakened by the smell of smoke, and with his brother Thomas, ran out of the house. John later told Sgt. John Fahey of the Homewood sheriff's police district, that he tried to get back in the house to rouse the others but the fire had spread so rapidly he was blocked out. He went to a neighbor's home and telephoned Orland Park fire Department.

The call was received at 5:50, according to Chief Granat and firemen were at the scene within five minutes. When the first rig arrived the entire house was blazing and a call made to neighboring departments for help. The Palos Park,

Palos Heights, Homer and Mokena fire departments dispatched men and apparatus to the site within minutes. The fire was in a rural area so the only water available was that which the departments brought in in tanks.

Meanwhile the 16-year-old daughter, Jean Marie, had broken out a window in her bedroom on the upper floor, and succeeded in reaching the ground. She was taken to Christ Community Hospital in the Orland Park Fire Department Ambulance, accompanied by her mother. John, who is studying physical therapy at this hospital, and Thomas were also taken there but were released after their burns had been treated. Jean Marie's condition is still regarded as serious.

Three of the bodies had dropped thru into the basement and two others were removed from the debris in a rear room. The last body found was that of Mrs. Biddle's father.

The surviving members of the family have been staying at Oak Lawn, where they can be closer to Jean Marie.

Chief Granat said the fire spread so rapidly that it was surprising any of the occupants escaped. Origin of the blaze, the chief said, has not yet been determined.

The inquest into the five deaths is scheduled to be held in February, it was said.

Seek Funds To Aid The Biddle Family

Touched by the plight of surviving members of the Biddle family left destitute by a fire, just before the new year, that claimed the lives of five of their number and destroyed their home, all of the furnishings and clothing, people are making contributions to the Biddle Family Fund.

The father, three of the children, and Mrs. Biddle's father perished in the blaze. A 16-year-old daughter who escaped thru a window from her blazing bedroom, is hospitalized with first, second and third degree burns over her entire body, and is in need of blood donors. Such donors should call Christ Community Hospital at Oak Lawn, 423-7000.

The other survivors are the mother, Mrs. Noreen Biddle, the eldest daughter, Mary, 20, and two sons, John, 19, and Thomas, 14.

In response to many kind offers of assistance, St. Michael Parish, has established thru the Orland State Bank, the "Biddle Family Fund". The second collection at all masses at St. Michael last Sunday was donated to this fund.

No goal has been set but with all the expense faced by the surviving members of this unfortunate family a substantial sum is needed.

Anyone who would like to assist can make checks payable to the Biddle Family Fund and forward them to St. Michael Parish, 14327 Highland Av., Orland Park, or the Orland Park State Bank.

"It is the privilege, as well as the obligation, for Christians to bear one another's burdens," are the closing sentences in the appeal from the parish. "We know you will be ready to do just that for our fellow brothers and sisters in Christ, our own Biddle family."

SMOKE HAZARD - According to three Harvard researchers, it's the "gaseous or volatile" fraction of cigaret smoke that causes damage to the lungs, blood vessels and central nervous system. This holds true when every bit of tar has been filtered out, they say.

Vehicle Stickers Are Bargains Now

The Village of Frankfort is having its annual "January Sale."

During this month village vehicle stickers -- for cars and trucks -- sell at their regular prices. Anyone who doesn't think that is a bargain, it was pointed out, should delay purchase of the stickers until February.

Beginning Feb. 1 the price will double and should the neglectful owner get an ar-

rest ticket it will cost him a lot more than the current prices. That is why the regular price that prevails thru January is a bargain.

The regular fee for a passenger car is \$5, and the same applies for a truck of less than one ton.

It is \$7.50 for a two-axle commercial vehicle of less than 24,000 pounds (vehicle and maximum load and \$10 for larger trucks.

The fee for motorcycles, motor bikes, scooters or other two or three wheel motor vehicles is \$3.

Also due at this time, according to Village Clerk Walter Pfaff, are dog li-

censes. The fee for a male dog is \$2, for a female, \$4. Owners must show a certificate that the pet has been inoculated against rabies when applying for a license.

Message From FBI Director

To All Law Enforcement Officials

 IS THE AMERICAN EAGLE in danger of becoming
 "bald"?

 In an old fable, a bird meets a fisherman with a can of
 worms and asks him for one.

 "Sure," says the fisherman. "All I ask in return is one
 of your feathers."

 A feather for a worm seems reasonable to the bird, so
 the exchange is made. The next day the bird is hungry
 again. He weighs the inconvenience of searching for food
 against the expediency of trading with the fisherman and
 decides in favor of expediency. After a few days, the bird
 has traded off so many feathers that he cannot fly. He con-
 tinues to make his daily trip to the fisherman on foot until
 all of his feathers are gone. At this point, the fisherman
 picks up the fat, naked bird and cooks him for dinner.

 As we enter the New Year, leaving behind a year mark-
 ed with crime and violence, we might ask ourselves if
 the American eagle has a full plumage or is he missing
 feathers because of our expediency in bartering with
 criminals.

 A persuasive argument can be made that the law-abid-
 ing citizen's freedoms diminish in direct proportion to the
 increase of criminal activity in our country. His risk of
 becoming the victim of a serious crime increased 15 per-
 cent in 1967, and a similar rise is indicated for 1968. In

 many areas, fear forces the citizen to remain off the
 streets at night, and anxiety makes him suspicious of
 strangers. Some merchandise is intimidated by thugs who
 walk away with merchandise. More and more businesses
 are adopting policies not to accommodate the public but
 to protect their property and thwart criminal assaults on
 their employees. The list of abuses keeps growing, and
 society's scope of rights and freedoms keeps shrinking.

 Certainly, under the rule of law those who abide by the
 law should have protection equal to that of those who break
 the law. Many Americans feel that they do not have equal
 protection.

 As we look to the future, we must bring the matter of
 crime and the criminal back into balance with the safety
 and welfare of the public. Concern and pity for the law-
 breaker cannot be permitted to deprive the peaceful citi-
 zen of his rights and freedoms. Palliative policies and
 appeasement are producing soaring crime rates and fill-
 ing our streets with criminals who should be in jail.

 In 1969, let us resolve to have fair but vigorous law
 enforcement, prompt and decisive prosecution, and realis-
 tic punishment of criminals. In dealing with crime, ex-
 pediency is a shortcut to disaster. Let us not trade our
 freedoms for a can of worms.

ORDINANCE NO. 609

An Ordinance prohibiting parking between the hours of
9:00 A.M. and 12:00 Noon on Sundays on the
North Side of La Porte Road between Center Road and
Ash Street and on the West Side of Ash Street
from a point where the Northernmost Line of
La Porte Road intersects with the Western Boundary
of Ash Street to the Southern End of Ash Street
in the Village of Frankfort, Will County, Illinois

Be it ordained by the President and Board of Trustees of the
Village of Frankfort, Will County, Illinois:

Whereas, the narrowness of and the volume of traffic on the
portions of streets hereinafter described during the hours here-
in set forth in the Village of Frankfort, Will County, Illinois, has
the effect of congesting the streets and impeding the movement of
traffic; and

Whereas, such conditions constitute a danger to the life, limb
and property of motorists, pedestrians and others using said streets
on the portions and at the times designated; and

Whereas, it is the opinion of the President and Board of Trustees
of the Village of Frankfort that the following parking restrictions
be established,

Now, therefore, be it ordained by the President and Board of
Trustees of the Village of Frankfort, County of Will and State of
Illinois, as follows:

SECTION I.

That there is established a no parking zone between the hours
of 9:00 A.M. and 12:00 Noon on Sundays of each and every week on
the North side of LaPorte Road between its intersection with Cen-
ter Road and its intersection with Ash Street, and also that there
is a no parking zone established on the West side of Ash Street
between its intersection with the Northernmost boundary of La-
Porte Road and the Southern boundary of Ash Street between the
aforesaid designated hours, all in the Village of Frankfort, Will
County, Illinois.

SECTION II.

That appropriate signs be obtained and erected, designating the
aforesaid no parking area.

SECTION III.

That violators of this Ordinance shall be subject to a fine of not
less than One (\$1.00) Dollar nor more than Twenty-five (\$25.00)
Dollars.

SECTION IV.

That the Chief of Police is authorized to remove or cause to be
removed any vehicles parked in violation of this Ordinance and
that the person responsible for said violation shall be made to pay
all costs of such removal.

SECTION V.

That all ordinances heretofore passed in conflict with this Or-
dinance are hereby repealed.

SECTION VI.

That in the event any section of this Ordinance shall be deem-
ed to be unlawful, the remaining sections of this Ordinance shall
remain in full force and effect.

SECTION VII.

That this Ordinance shall take effect upon its passage, approval
and publication in accordance with law.

vote of all of the members of the Village Board of Trustees of the

LINCOLN HWY. AT ROBERT ST. NEW LENOX

Open Letter from
the HIRSCHS'

Dear friends,

You probably think of our funeral home as
a purely local institution, but it is more than
that. Through our professional organizations
we have contact with funeral directors through-
out the United States.

Should burial be desired at some distant
point, we can arrange all details. When death
occurs elsewhere and burial is desired here, we
likewise complete the arrangements.

Full information will be gladly given.

Respectfully,

John Hirsch
